the essensual line

Ian de Souza has been an exhibiting artist for over two decades. He places a strong emphasis on drawing. His desire to capture the essence of a mood in as brief a time as possible drives him on.

This small selection of "The Essensual Line" figure drawings illustrates the simplicity of style which has taken him 20 years to achieve.

Ian de Souza lives and works in Fremantle WA. He exhibits nationally and internationally. His work is represented in corporate and private collections world wide.
